Exit Guidelines -Wages FnF for Ex-Employees.pdf;

Dear Colleague,

We understand your decision to move on from **EXL**, and while we respect your choice, we would like to take this opportunity to share important information regarding the payout of wages and full and final settlement post your **Last Working Day (LWD)**. As you are currently serving your notice period, this communication is shared to ensure clarity on statutory requirements and to support a smooth and hassle-free exit experience for you.

This communication is being sent to your personal and official email IDs as per available records.

Wages Payout Within 2 Working Days from LWD:

As per the **Code on Wages**, payable wages will be settled within **two (2) working days from your Last Working Day (LWD)** subject to applicable statutory deductions (such as PF and TDS / Income Tax) and upon completion of required internal processes. The payment of "Wages" made within two working days from your LWD days will cover **only the "Wages" component**, as defined under the Code on Wages (minimum 50% of total remuneration minus PF), calculated as per the revised salary structure and processed post your LWD.

Full & Final (F&F) Settlement:

Please note that the payout of "Wages", **does not** constitute the complete Full & Final (F&F) settlement. The remaining components of the F&F settlement, including other dues, adjustments, recoveries, leave encashment, claims and reimbursements, etc. will be processed separately after completion of all departmental and asset clearances. The final Full & Final (F&F) settlement is normally completed within **45–60 days from the LWD** but your timely completion of all exit formalities, including settlement of any Company payables (if any), will help facilitate quicker processing.
